Metrocrest Services Receives Distinguished Pillar of the Community Award from Dallas County Community College District

Farmers Branch, Texas (November 1, 2019) – Metrocrest Services was honored to receive the Pillar of the Community Award from the Dallas County Community College District (DCCCD) Foundation at an event on October 11, 2019.

This award is to honor corporations and organizations that have been supportive of the mission, vision, and efforts of the Dallas County Community College District's Alumni Relations. As Brookhaven College's nominee, Metrocrest was selected from among those submitted by other DCCCD colleges for the single award. Nomination remarks from Marilyn K. Lynch, Brookhaven's associate vice president of development read "Metrocrest Services demonstrates commitment and service to its community and embodies the values of the Dallas County Community College District. In partnership with the DCCCD, they are closely aligned with the DCCCD's mission. They truly transform lives and communities."

One of the many initiatives has been the Connections Program with DCCCD partners Brookhaven and North Lake Colleges. This program not only helps students with basic services such as food and housing assistance, but also allows Metrocrest Services to send its clients to Brookhaven or other DCCCD colleges to further their education to improve their economic outlook.

Tracy Eubanks, CEO of Metrocrest says, "Our relationship with DCCCD has transformed the lives of so many of those we serve. DCCCD's commitment to excellence in higher education and to the success of every student is inspiring."

The Distinguished Alumni & Pillar of the Community Awards honor outstanding alums and organizations who, through their service and achievements, personify DCCCD's tradition of excellence.
